

INDIVIDUAL, SMALL GROUP & BAND

GUITAR, BASS & DRUM LESSONS

I perform in a number of bands across the UK, and teach guitar/bass/drums in schools, in the evenings and at my own studio. I have experience of working with musicians from Primary School age, to those preparing to study at University, as well as adults in gigging bands. My lessons are really practical - all about making music, and playing together - and my lessons are tailored to individual students to help develop playing ability, technical proficiency and theory understanding.

For More Information, or to start lessons at your school please contact Alex Jennings;
